4. PPWR Compliance Statement

SCALA hereby declares that the packaging described above has been assessed against the applicable requirements of Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR).
Within the Scala brands, our packaging has been reviewed for compliance with the applicable PPWR requirements. We work closely with our manufacturing partners to ensure compliance with the relevant legislation and continuously monitor future regulatory developments.
Supporting technical documentation is maintained by SCALA and will be updated as additional PPWR implementing acts become applicable.

5. Supporting Technical Documentation

Conformity is declared on the basis of the technical documentation maintained in accordance with Annex VII of Regulation (EU) 2025/40 and the applicable packaging specifications. This documentation includes, where applicable, material specifications, supplier declarations, material composition declarations, test reports, heavy metal compliance documentation, packaging weight information, recyclability assessments and recycled-content evidence.

6. Declaration

SCALA declares that the packaging configuration identified in this document complies with the applicable requirements of Regulation (EU) 2025/40 at the time the packaging is placed on the European Union market.

This declaration applies to the sales and transport packaging used for products marketed under the AVANZA® brand and identified in this document. Any material, structural, supplier or composition change affecting conformity requires reassessment and, where applicable, revision or re-issuance of this declaration.
